LINES OF BUSINESS

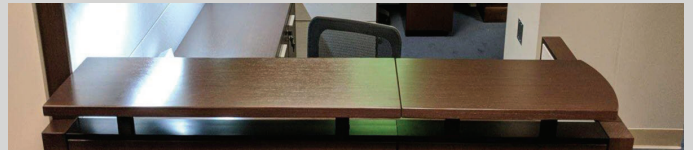

Turnkey Planning, Design, Procurement and Installation

Blue Skies Interiors saves the government significant time, money and energy by providing turnkey solutions for furniture, fixtures and equipment (FF&E) procurement. Similar to a general contractor, we offer a one-stop-shop for planning, design and installation of the products and services required for occupancy.

NCARB Nationally Licensed Architect
NCIDQ Certified Interior Designer

Architectural Design, Interior Design and Technical Specification, Asset Management, Installation, reconfiguration, Project Management, and Office Move Management.

Furniture, Fixtures & Equipment (FF&E)

Blue Skies Interiors adds value to your organization by developing a comprehensive FF&E plan based around your organizations culture, long term objectives and user function.

Systems Furniture, Seating, Tables, Private Offices, Reception, Lounge, Modular Walls, Control Room Furniture, Storage, and Ancillary items.

Industrial Racking

Blue Skies Interiors provides the rack system and professional installation of your pallet rack . Our installers are pallet rack installation professionals qualified to meet seismic requirements, and who will install your pallet racking system in a safe and timely manner.

Nationwide Office Furniture Standardization

Blue Skies Interiors executes asset standardization and installation services across CONUS and OCONUS federal facilities compliant with FAR 52.219-6. Blue Skies Interiors has a proven comprehensive logistics structure that successfully services all 50 United States and territories.

Freight Tracking, Freight Management, Inventory Management, Reconfiguration, Remote Execution, Climate-controlled Storage, Comprehensive Furniture Management Solutions, Blanket Purchase Agreements, IDIQ , Task Order Management, and Reporting.
